

HELP YOUR SCHOOL BE GREENER AND CLEANER!

Each month, the school with the most scans wins!

Participate in your school's Walk and Bike to school program and help your school win!

Each month – February through May – the school with the highest increase in walkers and rollers will win! So lace up those sneakers and get walking and rolling – and get your friends to join you!

Live far away? No problem! Park 3 blocks from school and join the fun!

Carpools and transit count too!

Now is the time to make walking and biking to school a fun habit!
